THE STATE OF NEW HAMPSHIRE

To the inhabitants of the Town of Holderness, New Hampshire in the county of Grafton in said State, qualified to vote in town affairs:

You are hereby notified to meet at Town Hall in said Holderness, N. H., on Tuesday, the thirteenth day of March next, at nine of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town officers for the year ensuing.

2. To raise such sums of money as may be necessary to defray town charges for the ensuing year, and make appropriation for the same.

3. To raise such sum of money as may be necessary for repairing highways and bridges for the ensuing year, and make appropriation for the same.

4. To see what sum of money the town will raise and appropriate for permanent improvement of highways and see if the town will accept State Aid.

5. To raise and appropriate money for state highway maintenance as required by law.

6. To see what sum of money the town will vote to raise and appropriate for the support of cemeteries for the ensuing year.

7. To see what sum of money the town will raise and appropriate for the Library for the ensuing year.

8. To see what sum of money the town will raise and appropriate for the decoration of Soldiers and Sailors graves for the ensuing year.

9. To see what sum of money the town will vote to raise and appropriate for the control of the White Pine Blister Rust for the ensuing year.

10. To see if the town will vote to buy the Snow Plow that is in the North end of town, and raise and appropriate money for the same.

11. To see what action the town will take in regard to Old Home Day and raise and appropriate money for the same.

12. To see if the town will vote to build a roof over the Town Hall Door Steps and raise and appropriate money for the same.

13. To see if the town will vote to instruct the selectmen to hire money in anticipation of taxes.

14. To transact any other business that may legally come before said meeting.

Given under our hands and seal, this eleventh day of February, in the year of our Lord, nineteen hundred and twenty-eight.

A WORD ABOUT THE CURRENT YEAR

Five schools are in session with a combined enrollment of 67 pupils. The schools will be in session 37 weeks.

For repairs and improvements the ceiling at the Elm School house has been replaced, a jacketed heater has been placed in the Carr and in the East School houses. Electric lights have been installed at the East and True.

Screens for the doors and windows of the school houses have been provided. And a new hardwood floor has been laid at the Carr School.

The health of the children has been generally good, the attendance has been very good, medical inspection has been made and the vaccination law has been enforced.

The School census in September showed 51 boys and 43 girls in town between the ages of five and sixteen, of these 6 between the ages of five and eight years weren't in school, five were in secondary schools and sixteen were in elementary schools outside of the district.

A WORD ABOUT 1928-1929

The school board feels that for repairs and improvements some inside painting at the True School house should receive attention; that the yard, the fence and minor repairs on the woodshed and entry at the Elm School should be done; and that at the Carr School the cross lighting of the room should be rem-

edied, a new fence put up and something be done about more woodshed room.

The board further recommends that a plan be started to do outside painting on the school houses at the rate of one each year. Obviously the Carr School house needs it first.

The board feels that the time has come to look after the health of the pupils further than through medical inspection and the sending of notices to parents. The medical inspection work has been efficient and parents have co-operated but that is only the beginning of what may be done, therefore the board feels that the hiring of a school nurse would be a step in progress. The plan in the mind of the board is to hire a registered nurse for the equivalent of about one month's time during the school year, such time to be distributed through the year as seems best in the minds of the nurse and the superintendent. Such a nurse would not only go into the school rooms and work with the pupils, but would also work in co-operation with parents in remedial and corrective work. It is now being realized more and more that the best way for a child to profit from his school work is to begin it in a good physical condition. To meet this an effort is being made throughout the country to carry on pre-school health work. The board feels that Holderness should do its part in the movement for healthy school children.

Other matters that should receive attention in the schools in the near future are the teaching of thrift and saving and a supply of fresh water in each school building.

Under the heading "RECOMMENDED APPROPRIATIONS FOR 1928-1929" will be found the recommended appropriations for the March, 1928, annual meeting. These recommendations total \$359.00 less than was appropriated last March. The board hopes that the voters of the district will appropriate these amounts.

Soliciting any discussion or inquiry on the 1926-1927 report, on the plans for the current year, or on the recommendations for the year 1928-1929; also

soliciting increased interest in school work in **general**
we respectively submit this report to the voters of **the**
school district.
